Experience

General Assembly, Boston, MA — Software engineering immersive

June – August 2019

12 week intense immersive course for web development. 400+ hours spent learning front and back-end languages and frameworks, and building full-stack applications.

Projects

- **Tic-Tac-SuperHerO:**
Superhero-themed SPA built using a Rails third-party api and vanillas JS for the front-end.
- **Serve-A-Hero:**
Superhero generator, built on my own backend created with Rails, using PostgreSQL with a one-to-many relationship resource.
- **Llama Blog:**
Blogging site with llama-theme, built using MongoDB, Express, and Vanilla JS.

Additional Experience

GameStop, Braintree — Assistant Manager

May 2018 - May 2019

Co-Lead team of 10+ people to complete tasks and achieve sales goals each day. Was in charge of updating marketing each month, setting up interviews with potential employees, and trained two keyholders.

GameStop, Braintree — Keyholder/Supervisor

April 2017 - May 2018

Assisted management in training new employees and explaining products to parents buying for their children. Responsible for bringing daily deposits to the bank and closing/opening the store.
