Experience

General Assembly, Boston, MA — Software Engineering Immersive

June - August 2019

12 week intense immersive course for web development. 400+ hours spent learning front and back-end languages and frameworks, and building full-stack applications.

Projects

- **Tic-Tac-SuperHeroO:**
Superhero-themed SPA built using a Rails third-party api and JS
- **Serve-A-Hero:**
Superhero generator, built on my own backend created with Ruby on Rails, using PostgreSQL with a one-to-many relationship resource.
- **Llama Blog:**
Blogging site with llama-theme, built using MongoDB, Express, and JS.

Additional Experience

GameStop, Braintree MA — Assistant Manager

May 2018 - May 2019

Co-Lead team of 10+ people to complete tasks and achieve sales goals each day. Was in charge of updating marketing each month, setting up interviews with potential employees, and trained two keyholders.

GameStop, Braintree MA — Keyholder/Supervisor

April 2017 - May 2018

Assisted management in training new employees and explaining products to parents buying for their children. Responsible for bringing daily deposits to the bank and closing/opening the store.
